

DEMO / MARCH 2026 BANK CSV

Review a sample bank CSV

example-march-2026.csv · 6 rows · opening \$1,200.00 · supplied closing \$900.00

1 exact repeat

1 balance gap

-\$30.00 difference

The receipt and cleaned CSV are ready below. You can still change the sample and run the check.

TRACK 03 / EVIDENCE

Reconciliation receipt

Review every marked row before exporting.

× The balances do not agree yet.

Review the marked rows, amount signs, date order, and supplied balances. The difference below is what is still unexplained.

SOURCE ROWS	INCLUDED	REPEAT CANDIDATES
6	5	1
BALANCE GAPS	UNEXPLAINED	
1	-\$30.00	

1 balance gap located. “Balance gap starts” marks where the bank’s running balance changes by more than the included rows explain.

Transactions are in chronological order. Uncheck Include to exclude a row from the cleaned export and balance calculation.

Include	Date / description	Amount	Running balance	Finding
☒	2026-03-02 · Client invoice source row 2 · fingerprint	\$800.00	\$2,000.00 reported \$2,000.00 expected	Clear
